

## TIG-Group Product Range

### Antiscalants

TIG Group 210L	- RO antiscalant, high Silica
TIG Group 310	- RO antiscalant, broad spectrum
TIG Group 325	- RO antiscalant, Phosphorus free
TIG Group 350	- RO antiscalant, high performance

### Biocides

TIG Group 706L	- RO biocide, Isothiazoline based
TIG Group 710L	- RO biocide (DBNPA)
TIG Group 726	- Isothiazoline biocide for cooling towers and pipe flushing
TIG Group 737	- Poly quaternary biocide for cooling towers and pipe flushing
TIG Group 740	- Triazine based biocide, for Sulphate reducing bacteria & slime control
TIG Group 766	- THPS biocide/dispersant, industrial and oily water applications

### Flocculants

TIG Group 520	- Poly Ferric Sulphate, primary flocculant
TIG Group 550	- Aluminium Sulphate, flocculant

### Chlorine Dioxides

TIG Group SanOx	- Chlorine Dioxide solution for odour control
TIG Group 167P	- Chlorine Dioxide generating powder, disinfectant
TIG Group 167T	- Chlorine Dioxide generating tablets, disinfectant

### Cleaners

TIG Group 102P	- Low pH RO cleaner, powder
TIG Group 112P	- High pH RO cleaner, powder
TIG Group 101L	- Low pH RO cleaner
TIG Group 104L	- Low pH RO cleaner
TIG Group 110L	- High pH RO cleaner
TIG Group 112L	- High pH RO cleaner

### Pipe flushing cleaners

TIG Group CI 784	- Nitrite based corrosion inhibitor
TIG Group B 522	- Pipe flushing biocide
TIG Group 5277	- Pipe flushing dispersant

### Thermal antiscalants

TIG Group HT328	- MED/VC applications
